

The 2nd Announcement of The Pulse of Asia 2014 in ATHENS

organizing with the Artery Society

ESC working group on peripheral circulation/
ESH working group on vascular structure and function/
North American Artery Society
(An Official Satellite Symposium of ESH/ISH2014)

Dates June 12 (Thur.) ~ 13 (Fri.)

Venue Divani Caravel Hotel Athens, Greece

Chair Akira Yamashina (Tokyo Medical University)

Secretary Hirofumi Tomiyama (Tokyo Medical University)

[Registration Period]

Category	Period	€(EURO)	¥(JPY)
Pre-Registration	January 20 (Mon.) - May 26 (Mon.), 2014	100	13,000
On-site Registration	June 12 (Thur.) - June 13 (Fri.), 2014	120	*Cash only (EURO)

※Welcome Reception (June 12): 30EURO / 4,000JPY

[Paper Submission Deadline] June 20 (Mon.) ~ March 31 (Mon.)

Welcome Letter

Dear Friends and Colleagues,

We are cordially inviting you to attend The Pulse of Asia 2014 in ATHENS organizing with the Artery Society/ European Society of Cardiology working group on peripheral circulation/European Society of Hypertension working group on vascular structure and function/North American Artery Society, which will be held from June 12th (Thursday) to June 13th (Friday) 2014 in Athens, Greece.

This Meeting will cover broad range of topics regarding basic, clinical researches and translational researches under the common theme of "Artery and Hypertension". The topics will be diverse enough to cover the interest of colleagues from various fields such as cardiology, endocrinology, nephrology, gerontology, neurology, physiology, molecular biology, biomechanical society and population science and more. Finally, we welcome young investigators to present their brilliant research regarding the area of vascular and pulse research.

See you next June in Athens.

Organizing Committee of The Pulse of Asia 2014 in ATHENS

Tentative Program

1. Joint session:

- 1)ESH(European society of hypertension working group of vascular structure and function) and POA: Vascular aging and hypertension
- 2)NAA (North American Artery Society) and POA: Artery and organ damage
- 3)Artery (the Association for Research into Arterial Structure and Physiology in Europe) and POA: How to de-stiffen the artery
- 4)ESC(European Society of Cardiology working group of peripheral circulation) and POA: Poly-vascular disease: Identification and management

2. Ongoing multicenter studies of vascular structure and function:

- 1)Artery (the Association for Research into Arterial Structure and Physiology in Europe)
- 2)ESC (European Society of Cardiology working group of peripheral circulation)
- 3)ESH (European society of hypertension working group of vascular structure and function)
- 4)NAA (North American Artery Society)
- 5)POA

3. Lessons from the guidelines:

American Heart Association (pulse wave analysis),
ESC working group of peripheral circulation (endothelial function),
Japanese Circulation Society (vascular function tests), etc.

4. Invited lectures:

- 1) Lectures by Presidents or representatives of each society (Artery, ESC, ESH, NAA, and POA)
- 2) Hypertension and Heart by Prof. AJ Manolis

5. Sponsored Symposium:

New techniques to assess vascular morphological and functional abnormalities

6. Oral and Poster Presentation (with awards)

The Pulse
of Asia
